Forecast for Wednesday 31 Aug 2022

Weather: Some early mist and fog in the valleys will clear quickly through Wednesday leaving a mostly dry day. There will be some scattered cloud through the morning bringing a chance of some light showers at times. This cloud will break up into the afternoon leaving plenty of sunshine. Staying dry into Wednesday evening and overnight with clear skies.

Maximum wind: Northeasterly 15-20mph, with gusts of 25-30mph at the summits.

Chance of cloud-free hill tops 600m: 60% increasing to 80% by midday.

Low cloud and visibility: Very poor visibility in the early mist and fog. As this low cloud lifts through the morning it may cover some slopes and summits above 400m. Any cloud will continue to break up and rise above all summits by midday. This will leave good visibility, although some distant hills appearing hazy.

Temperature: **Valleys:** Plus 13 Celsius, rising to plus 24 Celsius.
At 600m: Plus 9 Celsius, rising to plus 16 Celsius.
Freezing level: Above all summits.
